FAQ's:

Students participating in the colour run:

Students will need to ensure they have the correct footwear and clothing for the colour run. They must wear the T-shirts and sunglasses which will be supplied on the day.

Will the colour stain my hair?

The coloured powder does wash out of your hair; however, we do recommend you take precautions if you are worried! The colour does tend to stick to lighter hair. Blondes you are warned! Oiling your hair before the run will help the colour wash out. If you're having trouble washing it after the event, bi-carb soda and anti-dandruff shampoo will help get the more stubborn colour out!

Will it stain my child's clothes?

The colour mostly washes out after the event. However, as with anything dirty, the sooner the gear gets washed the better. Dust off all excess powder before washing with water. Wash your coloured gear separately and use cold water. We suggest wearing trainers that you would not mind getting colourful.

If you would like to preserve the colour in your running shirt, we suggest spraying it with vinegar and ironing it when you get home. This is the most likely way the shirt will retain its colouring.

I am driving my child home, will my car be stained!?

Your child went all out, and is covered in colour and if you do not take precautions, your car will be too. If your child is being picked up or taking the train, use a poncho or bring something (towels, plastic, rubbish bags, etc.) to cover the seats before you sit down.

Can anyone throw colour powder at the runners?

For safety reasons only adults will be able to throw the powder. With the exception of all participating students will be given a 100g bag of colour to throw at the end.

Does my child need to run the course?

Not at all - walk, skip or jog. This event is all about getting outside and having fun as a community.

Can I enter to run on the day?

No, all entries must be in advance (paid on ParentPay) to give the organisers time to buy enough colour powder, T-Shirts and Sunglasses.
