Dear Parent/Carer,

Re: International Dance Workshops for Year 7: Monday 16 March 2026

We are delighted to inform you that the MFL department will be hosting some exciting international dance workshops for all students in Year 7, as part of our cultural enrichment programme. The day will be delivered in collaboration with **Dance Days**, and this experience is designed to introduce students to new dance styles and cultures while encouraging creativity, teamwork, and confidence. You can learn more about their work at <https://www.dancedays.co.uk/>.

The workshops will take place during the normal school day, and students will be supervised by staff at all times. Students studying French will attend a workshop that teaches them the famous cancan and also French folk dance. Students studying Spanish will attend a workshop that teaches them the traditional flamenco as well as the Latin salsa dance. All workshops will be fully interactive and will last approximately 45 minutes each.

Please ensure your child comes into school wearing their **PE kit** on **Monday 16th March**, along with a water bottle.

We are unable to offer enrichment opportunities like this unless we receive contributions from parents who are able to pay. We therefore kindly request a voluntary contribution of **£3.50** via **ParentPay** by Friday 13 March.

Thank you for your continued support in helping us offer rich, engaging learning experiences that take your child's education beyond the classroom. If you have any questions, please don't hesitate to contact your child's languages teacher.

Yours sincerely,

Miss Mott – Head of French

Mrs Tapp – Head of Spanish
