

# MOVING UP TO ANGMERING

★ **AMBITION**  
★ **RESPECT**  
★ **COURAGE**

## ParentPay

ParentPay is the school's secure online payment system and is used for a wide range of payments throughout your child's time at The Angmering School.

Using ParentPay, you'll be able to pay for items such as:

- School meals
- Educational visits and trips
- Food Technology ingredients
- Other curriculum activities and school items

Once your account has been created, you'll receive a unique username and password to activate your account. You can then personalise your login details to something memorable.

ParentPay allows you to make payments securely using a debit or credit card, view available payment items, and access a record of your previous transactions whenever you need them.

We'll send your ParentPay login details and activation instructions as soon as your account is ready.

## Using the cashless catering system

To make purchasing food quick and easy, we operate a cashless biometric catering system.

Students identify themselves at the till using a finger scan. This is not a stored fingerprint. Instead, the system converts part of your child's finger into a secure encrypted numerical code, which cannot be recreated as a fingerprint. Using this system means students do not need to carry cash and can move through the canteen quickly and securely.

The canteen is available at both break and lunch times, with the hot meal deal being served at lunch time.

As well as our canteen we also have our snack shack available which serves a reduced menu in a separate area of the school which students can access.

## Account Information

A few useful things to know about your child's catering account:

- The minimum account top-up is £5.
- The standard daily spending limit is £5.
- If you would like a different daily spending limit, this can be arranged on request.
- Credit is not available on catering accounts.

## Dietary Requirements and Allergies

We aim to provide a range of options to suit different dietary requirements, including gluten-free choices such as jacket potatoes, gluten-free pasta, salads and wedges.

If your child has a food allergy or dietary requirement, we encourage them to speak to a member of the catering team before making their selection. Allergy information is available throughout the canteen, and our catering staff are always happy to help.

Please click here for the link to the current menus on our website:

## Free School Meals

If your child is eligible for Free School Meals, their daily meal allowance will automatically be credited to their catering account. Students simply use the biometric system to pay for their meal in the same way as all other students. If your child wishes to purchase additional items beyond their daily allowance, you are welcome to top up their ParentPay account, although this is entirely optional.

Please note that West Sussex County Council now requires families to renew their Free School Meals application each year.

Once you receive confirmation that your application has been approved, please forward this to our Finance Team at: [finance@theangmeringschool.co.uk](mailto:finance@theangmeringschool.co.uk)
