Friday 20 June 2025

Dear Parents/Carers,

Empowerment Awards - Community Nominations

The nominations are now open for the Empowerment Awards 2025 - Our annual celebration of all the students at The Angmering School and Angmering Sixth Form have achieved this year.

We are particularly asking for your help to nominate students in the 'Empower my Community' awards. We know that many of our students have an exceptional impact in our local community but we don't always get to hear about this. To celebrate these achievements, we would like you to nominate students who volunteer, raise money for charity, support the local community or strive to make the local area cleaner and greener! Please use the form to make a nomination yourself or share the nomination form with local community groups. The form can be found here: [Empower My Community nominations](#).

Kind regards

Mrs K Knox
The Angmering School
