Geneva CERN Trip

On February 1st, our students traveled to Geneva to visit CERN, a world-renowned scientific research center. During their visit, they had the opportunity to explore other significant landmarks in the area, such as the United Nations and the Broken Chair.

They even flew right over The Angmering School on their flight to Geneva!

Overall, the trip was a fantastic experience for our students, providing them with an opportunity to witness some of the most fascinating scientific advancements of our time and explore the rich cultural heritage of Geneva.
