Dear Parents/Carers,

Voluntary Contributions to the School Support Fund

With school budgets still under huge and unprecedented pressure, we are developing our School Support Fund to enable parents and carers to make voluntary contributions that will benefit our students. The Fund will help us to ensure that these budget constraints do not affect our ability to continue to provide the very best curriculum which shapes your child's experience at The Angmering School.

Contributions will assist with the costs associated with licenses for online learning platforms, equipment within PE and other equipment supplies such as text books, revision books and numerous other beneficial resources across all subject areas.

Please note, there will be no impact on students, should you choose not to contribute and that payments do not contribute to the cost of staffing or extracurricular trips. We fully appreciate that we are all facing challenges with the current cost of living, however we are very mindful of being able to deliver the best we can for your child whilst also navigating through these circumstances.

If you would like to make a voluntary contribution to The Angmering School Support Fund, you can do so via ParentPay under the payment item titled "The Angmering School Support Fund."

You may donate any amount you wish, and the payment item will remain open
