

Ref: PS199/22

25 April 2022

Dear Parents/Carers

We would like to take this opportunity to notify you The Immunisation Service are coming into school on **Thursday 26th May 2022** to offer students the Teenage Booster Vaccination for those who have not yet received their Teenage Booster Vaccinations.

If we hold an existing Teenage Booster consent form for a student, they will be offered their outstanding vaccinations during the upcoming Teenage Booster Vaccination session at school.

If a student presents themselves to The Immunisation Service during their school session, and their records indicate that they are outstanding in any of these vaccinations, they may be offered the opportunity to consent to these themselves. This would be following an assessment of their competence and understanding of what's involved with the vaccination(s).

If a parent has changed their mind since completing a consent form, they must contact the Immunisation Service (01273 696011 ex 8533) to change their consent and inform The Angmering School in writing prior to the vaccination date.

Contained within this email is the following document:

- **Immunisations for Young People leaflet from Public Health England** - to be shared with your child.
