

4th May 2022

Dear parent/carers

PS205/22

We are really pleased to start our important transition meetings on our School Cloud system this evening. I am sorry some of you have had issues accessing the appointment system. You do need to add your information as you did on the admission form so it recognises you. Even down to the title you use i.e. Miss/Ms/ Mrs etc. If you are still having difficulty accessing the system please let us know via admissions@theangmeringschool.co.uk and we can offer you a telephone call on Monday 9th May with a member of our headship team instead.

A reminder you cannot book an appointment on this system if you have not yet completed your online admission form. If you need help with this please do contact me.

If you have booked an appointment please ensure that you are online just ahead of your appointment time as there is not an option to be flexible with the timings. These meetings are an essential part of the transition process as they are an opportunity to find out more about each child's general interests, their successes and challenges in school and an opportunity to ask any questions that you may have. We are aiming for every family to meet with us in order to provide the best possible transition support.

To ensure that you do not miss these appointments, book your appointment by clicking [here](#), adding the relevant details to access the system. Appointments are still available for tonight, Thursday 5th, Monday 9th and Tuesday 10th May 2022. For additional information, please click [here](#) to watch a short video on how to attend appointments. Should you need further support or need to make a change please contact year7-2022@theangmeringschool.co.uk If you do not have access to the internet, please call 01903 778319 where we will be happy to add an appointment on your behalf. These meetings will be limited to 8 minutes but if a more in-depth meeting is needed, these can be arranged afterwards

Best wishes

Fiona
